Please call us for customized pricing. All services are available virtual or in-person.

Comment Analysis Report

Some institutions prefer to have a third party analyze the responses to the two open-ended questions on the survey and provide a report that lends itself to being shared campus-wide. This service can be bundled into any of the consulting options for an additional fee based on the number of comments and timeline.

Open Forums/Town Hall Meetings

Town Hall meetings open to all faculty and staff and/or individual constituent groups allow a transparent forum to present the survey results, as well as an opportunity for them to offer their insights into the findings. ModernThink can be a helpful partner in this initiative. If in person, this is normally a full-day commitment to provide opportunities throughout the day to meet everyone's calendar. We include a PowerPoint of survey results that can be used as part of the co-facilitation of the meetings.

Focus Groups

Our consultants are skilled in the art of focus group facilitation and creating an environment that fosters straightforward and open dialogue to drill down further into specific aspects of the data. They take measures to protect anonymity and to create a safe environment where participants will feel comfortable sharing their candid feedback.

New President Briefing

With many presidents beginning their tenures in late summer, the survey results are an opportunity to learn more about the campus staff and faculty. The mere act of acknowledging this feedback can send a strong message to employees about the President's commitment to communication. We offer one-on-one briefing of institutional data for these leaders as a step towards understanding the survey results and then acting on that data as a new leader.

Custom BENCHMARKS

ModernThink's higher education benchmarking capabilities are unrivalled. With over 1,200 colleges and universities in our database representing hundreds of thousands of respondents, we are uniquely capable of providing benchmark data based on: *Carnegie Classification, geographic region, enrollment size, control (public/private), aspirational peer groups, HBCU, Hispanic-serving institutions*, and other higher education segmentations. Because of the breadth and depth of our databases, our benchmarking capabilities extend beyond the institution level, down to and across specific divisions, colleges, job roles and even tenure status.
